

If you are being told to shove your nose behind a plastic or cloth breathing barrier as an act of “kindness” or to help “keep everyone safe” kindly and firmly tell them...

#IDONOTCOMPLY

Tell them to ‘go take a hike’ because... you are NOT a donkey who puts his muzzle in a feed bag. Tell them you don’t believe in spreading myths and pseudoscience.

The pores in masks are too big to keep the COVID-19 virus out. There are better ways for people to prevent infection than breathing their own off-gasses. Explain to them that science evolves whereas propaganda is usually stagnant. Start them off here:

<https://www.canadiancovidcarealliance.org/?s=masking>
